### Summary Care Record (SCR)

Summary Care Records are an electronic record of patient information created from GP medical records. It includes important information about your health: Medicines you are taking; allergies you suffer from, any bad reactions to medicines.

**You can also choose** to have additional information included in your SCR, which can improve the care you receive. This information includes: Your illnesses and health problems; operations and vaccinations you have had in the past; how you would like to be treated – such as where you would prefer to receive care; what support you might need; who should be contacted for more information about you. **More information can be found by visiting [www.nhscarerecords.nhs.uk](http://www.nhscarerecords.nhs.uk)**

## PATIENT DECLARATION for all patients who are not ordinarily resident in the UK

Anybody in England can register with a GP practice and receive free medical care from that practice.

However, if you are not 'ordinarily resident' in the UK you may have to pay for NHS treatment outside of the GP practice. Being ordinarily resident broadly means living lawfully in the UK on a properly settled basis for the time being. In most cases, nationals of countries outside the European Economic Area must also have the status of 'indefinite leave to remain' in the UK.

Some services, such as diagnostic tests of suspected infectious diseases and any treatment of those diseases are free of charge to all people, while some groups who are not ordinarily resident here are exempt from all treatment charges.

More information on ordinary residence, exemptions and paying for NHS services can be found in the Visitor and Migrant patient leaflet, available from your GP practice.

**You may be asked to provide proof of entitlement in order to receive free NHS treatment outside of the GP practice, otherwise you may be charged for your treatment. Even if you have to pay for a service, you will always be provided with any immediately necessary or urgent treatment, regardless of advance payment.**

**The information you give on this form will be used to assist in identifying your chargeable status, and may be shared, including with NHS secondary care organisations (e.g. hospitals) and NHS Digital, for the purposes of validation, invoicing and cost recovery. You may be contacted on behalf of the NHS to confirm any details you have provided.**

**Please tick one of the following boxes:**

- a)  I understand that I may need to pay for NHS treatment outside of the GP practice
- b)  I understand I have a valid exemption from paying for NHS treatment outside of the GP practice. This includes for example, an EHIC, or payment of the Immigration Health Charge ("the Surcharge"), when accompanied by a valid visa. I can provide documents to support this when requested
- c)  I do not know my chargeable status

I declare that the information I give on this form is correct and complete. I understand that if it is not correct, appropriate action may be taken against me.

**A parent/guardian should complete the form on behalf of a child under 16.**
